

Time to join the LPHCA?

We make no apology for celebrating the **50th edition** of **Private Hire News Magazine**, which is the **Licensed Private Hire Car Association's** written interface to the **Industry, Politicians** and the **Public**.

The **Magazine** gives us the opportunity to show what we do and what we have achieved; it also gives us the opportunity to communicate to a great deal of people, our ideas and our ethics.

Please take a look at all the articles in this edition, especially the ones on **Primary Issues** and our **Member's Testimonials**.

We are truly humbled by the kind comments that we have received back from our **Members** in a very quick response time, soon after we wrote to them to ask **why they are Members** and **what they get out of their membership**.

Whilst much of what we do is in **London**, more and more issues are affecting **Operators** outside **London**, like **CRB delays, petty regulations, illegal activity, touting, inconsistent rules** and **unnecessary bureaucracy**, so we are doing much more nationally.

We are also, in spite of the recession, **increasing membership** and this is making us more effective.

Recent successes, on vehicle licensing requirements, interpretation of event management requirements, POCA & POVA requirements, access to Royal Parks, preventing unnecessary recommendations against drivers on drinking and driving, demonstrates our policy of working closely with members, listening to their needs and hopefully delivering as many of their wishes as possible.

If you are interested in joining the **LPHCA** please call **07956 329288** or Fax: **01442 380607** or complete the online enquiry form at www.lphca.co.uk

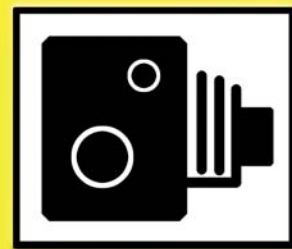

Licensing Teams take to MOGO I.D. Badge System

Thousands upon thousands of drivers and operators are finding the MOGO Drivers ID Badge a useful and easy to display essential product as they go about their daily business.

- Issued quickly and cost-effectively by over 100 local authorities the secure MOGO ID Badge System is a firm favourite with licensing departments and the 'Taxi' trade.
- Features include the secure MOGO Hologram feature and a robust display pouch which achieves maximum visibility and user friendly qualities.
- Designed to offer local authorities any category of I.D. Badge from 'Taxi' Driver, NVQ Gold Award, Street Trader and indeed any required category, MOGO provides a free set up and design service which is saving time and money every day.

Get noticed

in a better way

It doesn't have to cost you a fortune to get your company noticed – good design will create the right image. We have plenty of experience in all types of corporate and promotional design and can provide a friendly, professional design service at an affordable rate.
